

List of Figures

Figure 1.1: Map showing the municipal boundaries in the Eastern Cape Province	1
Figure 1.2: Population and number of households per District Municipality in the Eastern Cape Province – 2001	2
Figure 3.1: Environmental themes and issues addressed in the 2004 Eastern Cape State of the Environment Report	10
Figure 4.1: Energy use for lighting in the Eastern Cape Province – 2001	17
Figure 4.2: Energy use for cooking in the Eastern Cape Province – 2001	17
Figure 4.3: Energy use for heating in the Eastern Cape Province – 2001	18
Figure 4.4: Energy use by Eastern Cape households for cooking, heating and lighting – 1996 vs. 2001	19
Figure 5.1: Land transformation in Local Municipalities in the Eastern Cape Province	23
Figure 5.2: Endangered species and municipalities in the Eastern Cape Province. Municipalities were used as the unit of analysis, and the map depicts the percentage ¼ degree grids per municipality containing endangered species	26
Figure 5.3: Vulnerable plant species and municipalities in the Eastern Cape Province	27
Figure 5.4: Centres of endemism in the Eastern Cape Province	29
Figure 5.5: The distribution of invasive alien plants and Working for Water project areas in the Eastern Cape Province	35
Figure 5.6: Conservation areas and areas of high biodiversity in the Eastern Cape Province	37
Figure 6.1: Budgetary allocation to environmental management, research, education and awareness in the Eastern Cape Province	44
Figure 7.1: Water Management Areas within the Eastern Cape provincial boundary	51
Figure 7.2: Surface water nutrients	53
Figure 7.3: Groundwater nutrients	57
Figure 7.4: Total sectoral water requirements	59
Figure 7.5: Total surface water used per sector (2000)	60
Figure 7.6: Total water available in the Eastern Cape Province – 2000	61
Figure 7.7: Total water availability	62
Figure 7.8: Total water resources required vs. available in the Eastern Cape Province – 2000	63
Figure 7.9: Water requirements and water availability	64
Figure 8.1: Access to water in the Eastern Cape Province – 2001	69
Figure 8.2: Access to sanitation in the Eastern Cape Province – 2001	70
Figure 8.3: Access to waste removal in the Eastern Cape Province – 2001	71
Figure 8.4: Access to telecommunication facilities in the Eastern Cape Province – 2001	72
Figure 8.5: Dwelling types in the Eastern Cape Province – 2001	73
Figure 8.6: Number of rooms per household in the Eastern Cape Province – 2001	74
Figure 8.7: Number of people per house in the Eastern Cape Province – 2001	75
Figure 8.8: Population distribution in the Eastern Cape Province – 2001	76
Figure 8.9: Age distribution in the Eastern Cape Province – 2001	77
Figure 9.1: Land cover types for the Eastern Cape Province	82
Figure 9.2: Map depicting land degradation in the Eastern Cape Province based on the combined soil degradation and veld degradation indices	84
Figure 9.3: Map depicting soil degradation in the Eastern Cape Province	85

Figure 9.4: Map depicting veld degradation in the Eastern Cape Province	86
Figure 9.5: Predicted soil loss for the Eastern Cape Province – 2000	89
Figure 9.6: Land area under each tenure system in the Eastern Cape Province	92
Figure 9.7: Land tenure classified by (Combined Soil and Veld Degradation) land degradation class	93
Figure 10.1: Status and condition of Eastern Cape estuaries in terms of fish community structure, water quality and aesthetics	98
Figure 10.2: Annual harvests in <i>Gelidium</i> sp in the Eastern Cape Province	101
Figure 10.3: Annual catches in the Eastern Cape chokka squid fishery	102
Figure 10.4: Distribution and relative abundance of (a) anchovy and (b) sardine (or pilchard) in November 2000	108
Figure 10.5: Biomass distribution of (a) shallow-water hake, (b) deep-water hake, (c) horse mackerel and (d) monk from January 2000 and May 2000 research surveys	109
Figure 11.1: Annual household income in the Eastern Cape Province	120
Figure 11.2: Trend in HIV prevalence in South Africa and the Eastern Cape Province among antenatal clinic attendees	122
Figure 11.3: Urban and non-urban growth in HIV prevalence among antenatal clinic attendees in the Eastern Cape Province	123
Figure 11.4: Actual and predicted population in the Eastern Cape to 2021	124
