MINISTER OF ENVIRONMENTAL AFFAIRS

SCHEDULE

Only those species where amendments are proposed or where new species have been added to the Lists are detailed below. Where current listed species are proposed for deletion from the lists this is detailed in a separate section below.

After the public comment phase, a final list of Alien and Invasive species will be published including the final amendments after consideration of the comments. That final list will replace the current Alien and Invasive Species Lists published in *Government Gazette* 37886 No. 599 of 1 August 2014.

1. AMENDMENTS TO THE ALIEN AND INVASIVE SPECIES LISTS

The following species in Notices 3 and 4 have been amended by either amending the area, categorisation, the type of exemption or prohibition or correcting the common name or scientific name of the species.

New species which are proposed to be added to the Lists are indicated by the word "NEW" in the left-hand column.
