TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations.

1 In order to meet this requirement bidders are required to complete in full the attached form TCC 001 “Application for a Tax Clearance Certificate” and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders / individuals who wish to submit bids.

2 SARS will then furnish the bidder with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.

3 The original Tax Clearance Certificate must be submitted together with the bid. Failure to submit the original and valid Tax Clearance Certificate will result in the invalidation of the bid. Certified copies of the Tax Clearance Certificate will not be acceptable.

4 In bids where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit a separate Tax Clearance Certificate.

5 Copies of the TCC 001 “Application for a Tax Clearance Certificate” form are available from any SARS branch office nationally or on the website www.sars.gov.za.

6 Applications for the Tax Clearance Certificates may also be made via eFiling. In order to use this provision, taxpayers will need to register with SARS as eFilers through the website www.sars.gov.za.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2011

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2011.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R1 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R1 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to exceed R1 000 000 (all applicable taxes included) and therefore the 90/10 system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

(a) Price; and
(b) B-BBEE Status Level of Contribution.

1.3.1 The maximum points for this bid are allocated as follows:

<table>
<thead>
<tr>
<th>POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>PRICE</td>
</tr>
<tr>
<td>90………..</td>
</tr>
<tr>
<td>B-BBEE STATUS LEVEL OF CONTRIBUTION</td>
</tr>
<tr>
<td>10………..</td>
</tr>
</tbody>
</table>

Total points for Price and B-BBEE must not exceed 100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.
2. DEFINITIONS

2.1 “all applicable taxes” includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;

2.2 “B-BBEE” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

2.3 “B-BBEE status level of contributor” means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;

2.4 “bid” means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;

2.5 “Broad-Based Black Economic Empowerment Act” means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);

2.6 “comparative price” means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;

2.7 “consortium or joint venture” means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;

2.8 “contract” means the agreement that results from the acceptance of a bid by an organ of state;

2.9 “EME” means any enterprise with an annual total revenue of R5 million or less;

2.10 “Firm price” means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;

2.11 “functionality” means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;

2.12 “non-firm prices” means all prices other than “firm” prices;

2.13 “person” includes a juristic person;

2.14 “rand value” means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties;

2.15 “sub-contract” means the primary contractor’s assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract;

2.16 “total revenue” bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the Government Gazette on 9 February 2007;
2.17 “trust” means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and

2.18 “trustee” means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

3.1 The bidder obtaining the highest number of total points will be awarded the contract.

3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;

3.3 Points scored must be rounded off to the nearest 2 decimal places.

3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.

3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.

3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

\[
P_s = \begin{cases} 
80\left(1 - \frac{P_t - P_{\text{min}}}{P_{\text{min}}}\right) & \text{or} \\
90\left(1 - \frac{P_t - P_{\text{min}}}{P_{\text{min}}}\right) & 
\end{cases}
\]

Where

\(P_s\) = Points scored for comparative price of bid under consideration

\(P_t\) = Comparative price of bid under consideration

\(P_{\text{min}}\) = Comparative price of lowest acceptable bid

5. Points awarded for B-BBEE Status Level of Contribution

5.1 In terms of Regulation 5 (2) and 6 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

5.2 Bidders who qualify as EMEs in terms of the B-BBEE Act must submit a certificate issued by an Accounting Officer as contemplated in the CCA or a Verification Agency accredited by SANAS or a Registered Auditor. Registered auditors do not need to meet the prerequisite for IRBA’s approval for the purpose of conducting verification and issuing EMEs with B-BBEE Status Level Certificates.

5.3 Bidders other than EMEs must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.

5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.

5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.

5.6 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.

5.7 A person will not be awarded points for B-BBEE status level if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a bidder qualifies for, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.

5.8 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.
6. **BID DECLARATION**

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

________________________________________________________________________
(Bid Number and Description)

in response to the invitation for the bid made by:

____________________________________________________________________________
(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_______________________________________________________
(Name of Bidder)

that:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not
to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying
bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by
the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the
word “competitor” shall include any individual or organization, other than the bidder,
whether or not affiliated with the bidder, who:

   (a) has been requested to submit a bid in response to this bid invitation;
   (b) could potentially submit a bid in response to this bid invitation, based on
       their qualifications, abilities or experience; and
   (c) provides the same goods and services as the bidder and/or is in the same
       line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium\(^3\) will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   
   (a) prices;
   
   (b) geographical area where product or service will be rendered (market allocation)
   
   (c) methods, factors or formulas used to calculate prices;
   
   (d) the intention or decision to submit or not to submit, a bid;
   
   (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
   
   (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

\(^3\) Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

1 PURPOSE

To appoint a service provider to assist the Department with the procurement, distribution and monitoring of the use of tools of trade for waste pickers. The tools are intended to assist waste pickers to maximise their efficiencies in their operations.

2 INTRODUCTION AND BACKGROUND

Historically, in South Africa, the recycling sector was driven by the private sector with a huge participation of the informal sector i.e. waste pickers. Although it is difficult to quantify the contribution made by the waste pickers, it is estimated to be a significant contribution. It is therefore important to ensure that waste pickers are included in future relating to waste management for the country.

The value of waste pickers is increasingly being recognised and appreciated. There is growing recognition that waste pickers contribute to local economies, to general cleanliness and public health, and to environmental sustainability. This further provides “jobs” to those involved and as such create sustainable livelihoods. The Women in Informal Employment: Globalizing and Organizing (WIEGO) summarises the contributions of waste pickers as shown below.

- **Local economy:** Currently the recycling sector is predominantly driven by the informal sector. The recyclers rely on the waste pickers to collect recyclables, especially those recyclables that cannot be accessed directly themselves. This includes the recyclables that would have evaded diversion efforts and had reached landfill sites. In addition, the salvagers minimise the amount of waste that goes to landfill for disposal thereby extending the life span of the landfill and thus saving municipalities money needed for developing new sites.

- **General cleanliness and public health:** Waste pickers recover waste which could otherwise be scattered all over especially in areas where there are problems with waste collection or in cases of illegal dumping.

- **The environment sustainability:** Waste pickers divert a significant quantity of waste from the landfill, thereby saving landfill airspace. This minimises the impact of landflling as it minimises the need for additional landfill sites. Reuse and recycling decreases the demand for virgin materials needed for production, thus contributing to the conservation of natural resources and energy while reducing air and water pollution. Recovery of recyclable materials and organic matter contributes to the reduction of greenhouse gases (GHG) and to the mitigation of climate change. This contributes positively to overall environmental sustainability.
The collection rate of waste pickers and thus the level of impact of their actions in the areas discussed above (economy, cleanliness and public health as well as environmental sustainability) is hugely depended on the efficiencies of their operations. One of the important factors affecting their efficiency is their transportation mode. Research has shown that the recovery rates increased due to having advanced transportation mechanisms (Table 1 below). Manual transportation yields the lowest recovery rates as opposed to a bicycle and tricycle.

It is also important to note that certain transportation modes exclude women as they require strength to be operated. This is an important aspect to consider when choosing a transportation system for the waste pickers. The DEA study on waste pickers (DEA, 2015) showed that the split in terms of numbers involved between male and females is equal within waste pickers. This implies that solutions that are presented to the waste pickers should be suitable for both males and females.

While it is true that recovery rates increase with the use of some from of advanced transportation, it is also true that the advanced transportation mechanisms may also be costly for the waste pickers (see Table 2).

(Source: de Paula, 2012)
The more sophisticated and motorized the system gets, the costlier it is. The DEA thus intends assisting waste pickers in maximizing their efficiencies by providing them with tools that will assist them to increase their collection rates. It is important that such tools should be suitable for use by both male and females alike.

3 OBJECTIVES

The DEA intends assisting waste pickers to maximize the efficacy of their operations to achieve the following objectives:

- Increase the recycling rate in the country in alignment with the National Waste Management Strategy (NWMS) targets.
- Improve the working conditions of waste pickers.
- Facilitate the growth of small businesses in the sector.
- Contribute towards the creation of decent sustainable job opportunities.
- Contribute towards the creation of a growth path for waste pickers.

The work undertaken in this project should as much as possible be linked to other related DEA projects/programmes where there is a clear value add that can be derived.

4 SCOPE AND EXTENT OF WORK

DEA is seeking a company that will procure, distribute and monitor the use of specified tools for waste pickers.

4.1 Procurement and Supply of Tools

The Service Provider is expected to procure and supply three-wheeled motorised vehicles, trucks and movable balers for distribution to deserving waste pickers. The respective minimum functional specifications for these tools are detailed below. The service provider will be expected to build on these specifications and include the technical specifications that would ensure safety and appropriateness of the tools. It is important to note that the specifications for the tools should be aligned as they influence each other as part of the value chain.

4.1.1 Three-wheeled motorized vehicles (see Annexure A)

Fifty 50 of these vehicles have to be procured and supplied. The following minimum functional specifications will apply to the vehicles:

- Transport a minimum load of 450kg of recyclables.
- Operate in a wide range of climatic conditions (wet, dry) and terrains.
- Travel on gravel and dirt roads.
- Fuel efficient
- Sit two people in the cabin
- Covered cabin
- Minimal noise and emissions
- The recyclables should be covered to avoid wind scatter.
- Travel within a minimum radius of 10 Kms daily.
- Vehicles must have roadworthiness certificates

4.1.2 Truck and trailer (see Annexure A)
One (1) truck (1-ton) and a trailer should be purchased. The following functional specifications should guide the technical specifications to be drawn by the service providers:
- The truck must be a minimum of 1-ton
- The truck must have the ability to pull a trailer with a load of a compactor/baler as well as a generator. The trailer should also in turn be able to carry the baler and a generator
- Operate in a wide range of climatic conditions (wet, dry)
- Travel on gravel and dirt roads.
- Fuel efficient
- Minimal noise and emissions

4.1.3 Compactors/Balers (see Annexure A)
Five (5) compactors or balers should be procured and supplied. The following functional specifications should guide the technical specifications to be drawn by the Service Provider:
- Ability to be transported on a trailer and operate at waste generation points.
- To be operated with a generator or solar.
- The bales produced should be able to fit in a three-wheeler motorized vehicle with a minimum capacity of 450 kg.
- Fuel efficiency
- Minimum noise and emissions

4.2 Implementation
This project will be used as a pilot. Its success may result in similar projects being rolled out in other parts of the country. The service provider will thus be required to choose an area where the project will be implemented. The proposed location should be motivated on the basis of this being a pilot and thus testing its suitability under specific environments and conditions pertinent to waste recycling.
4.2.1 Identification of Beneficiaries

Waste pickers are very informal in their nature and their operation. However, in order to justify a huge investment in assisting them, there are some controls that need to be put in place to ascertain achievement of planned goals and accountability. Such controls are easier to put in place when there is some level of organisation within the waste pickers. Preference will thus be given to waste pickers who are already operating and have some form of organization as either one of the following:

- A group already working on one of the DEA initiated or supported projects e.g. the Implementation of the Waste Tyre Industry Waste Management Plan implemented by REDISA.
- A cooperative registered with the Department of Small Business Development (DSBD).
- A formal group (with established operational procedures and manner of working together) registered with the relevant local municipality and/or the South African Waste Pickers Association (SAWPA). Letters of endorsement and support will be required from both the local municipality as well as SAWPA.

The relevant local municipality, DSBD and SAWPA can thus be approached to get relevant details on the cooperatives and groups of waste pickers that are registered with them. These can then be subjected to an evaluation process that will look at their current operations:

- Modes of operation (existing structures to support implementation)
- Level of organization
- Level of success
- Existing controls
- Existing resources

Municipalities will play a key role in this operation since waste collection is their mandate. There is a need to therefore have their buy-in and support. Municipalities may offer some of the following support functions to the programme:

- Permission to source from landfill sites: Municipalities own landfill sites which the waste pickers may need to access recyclables from so they would need to grant such permission and agree on a recovery plan/model that will suit their landfill operations.
• Over-night parking: Some of the waste pickers may not have safe areas to park the vehicles and equipment over night. In such cases, municipalities may be able to offer such solutions within their municipal yards.

• Offer land and/or building for operations: In some cases waste pickers do not have places to operate from or in certain instances they have occupied and use vacant plots without necessarily having relevant agreements/permissions with the respective land owners. Where ever possible, municipalities can offer such land for operations. This is the preferred option as using private land may be expensive for the programme.

4.2.2 Support

The waste pickers will need support in using their newly allocated tools of trade. Support required will be in the following ways:

4.2.2.1 Financial support:
For the first 18-months of implementation the DEA will cover all operational costs for the tools. From the 19th month onwards the beneficiaries should start taking over the operational costs in an incremental manner such that by the end of the second year all operational costs are taken over by the beneficiaries. The service provider will be responsible for all financial planning relating to this function and these costs will be included in the project budget. Operational costs will typically include fuel, maintenance, licensing as well as the relevant Personal Protective Equipment (PPE) costs. It is also envisaged that the service provider will administer a stipend of R500/month/waste picker, to compensate for the working days that will be lost due to activities that are not income generating for the waste pickers e.g training, mentoring and monitoring activities of the project. It is important to note that there may also be rental costs (depending on the land being used and the specific agreements with land owners).

4.2.2.2 Compliance with relevant legislation:
The use of some of these tools need permits and licenses. For example, the vehicles will need to get licenses. The service provider will need to ensure that all relevant permits and licenses are obtained for the tools to ensure compliance to all relevant legislation.

4.2.2.3 Operations and Business support:
The beneficiaries will need support during the operation phase. Support will be in the form of training on how to operate the equipment and/or vehicle provided. While the operation costs will initially be paid for by the DEA, it is imperative that the beneficiaries know of these
costs. Thus, they have to understand the operational needs and costs of the tools allocated to them.

Support should also be in the form of with business running skills. It is expected that over the two-year period, the service provider should offer the beneficiaries business training and mentoring to ensure that by the end of year two, the beneficiaries will be able to run their operations successfully.

Beneficiaries may further need support in relation to secure premises to park their vehicles overnight should they not have such a place already. In this case the Service provider (with the support and assistance from the DEA) will negotiate with the relevant municipality.

4.3 Monitoring and evaluation

Monitoring and evaluation for this project will be applied in three ways:

- Monitoring and Evaluation for the service provider to ensure achievement of planned project objectives.
- Monitoring and evaluation of the concept: This project will be treated as a pilot hence lessons learned from this project will be important to determine the suitability of the adopted approach in relation to the desired outcomes as well as its sustainability.
- Monitoring and evaluation for the beneficiaries: The beneficiaries’ performance will also have to be monitored to ensure that the tools are used appropriately and effectively in order to achieve the desired outputs.

5 EXPECTED DELIVERABLES / OUTCOMES

The expected deliverables for each of the different aspects/phases of the project are explained below.

5.1 Pilot area and separation at source

The area where the project will be implemented has to be identified and motivated. At a minimum, 1000 households should be covered by the project. The motivation should consider the viability and sustainability of a waste recycling business. The following provinces should be considered: Free State, Northwest, Eastern Cape, Limpopo, Mpumalanga & KZN. Within these provinces reas with recycling infrastructure like Buy-Back centres must be prioritised in the selection of the pilot area.
The Service provider is expected to implement separation at source in the pilot area. In order to do this, a waste awareness programme will have to be initiated where the property owners will be made aware of:

- The need/value for recycling
- How to separate their waste
- How the recycling programme will work including the presence of the waste pickers in their respective areas.

The following resources will be required for this campaign:

- Refuse bags for recyclables: The property owners should be provided with a refuse bag each week to facilitate the separation of the recyclables.
- Human resources: There will be a need to have a group of waste pickers who will primarily be responsible for implementing the awareness campaign. The estimated number of this group is 50. The same group can be deployed for sorting activities at sorting facilities in the pilot area.

### 5.2 Procurement and Supply of Tools

The Service provider must procure and supply the tools indicated in 4.1 above, namely:

- Fifty (50) three-wheeled motorised vehicles with minimum specification as detailed in 4.1.1. Additional specifications of the vehicles must be detailed in the proposal.
- One Truck and one trailer as indicated in 4.1.2. Additional specifications must be detailed in the proposal.
- Five (5) compactors / balers with specification detailed in 4.1.3. Additional specifications of the vehicles must be detailed in the proposal.

The tools above must be provided within 3-months of the signing of the Service Level Agreement. In this regard, documentation from equipment providers must be included in the proposal.

### 5.3 Implementation

#### 5.3.1 Identification of beneficiaries

The service provider should develop a selection criteria that will be used to identify and select beneficiaries for the project. The guiding principles are that the beneficiaries should:

- Be waste pickers. This excludes people who have hired waste pickers but are not waste pickers themselves.
- Have a certain level of organisation as a group and have been working together for a while as waste pickers.
• Be registered or known by the relevant local municipality and/or SAWPA or be involved with an existing DEA initiated/supported programme e.g. Implementation of the Waste Tyre Industry Waste Management Plan implemented by REDISA.

• Located within an area that makes financial sense (e.g. has sufficient recyclables, have processing facilities and/or buy back centres within reasonable distances to avoid huge transport costs as well as distances outside the performance of the three-wheelers).

• Have the support of their respective local municipalities. A letter of support also detailing the municipality’s commitment to assisting (in various ways that will be specific to each municipality) has to be obtained. A letter of support may also be sought from SAWPA.

It is important to note that these groups may vary in sizes and have different needs. This may influence the number of units allocated to any one group. This aspect should thus also be considered in the proposal.

A total number of 150 beneficiaries must be identified for this pilot. 100 should be allocated to operating the 50 three-wheeled vehicles for the collection and transportation of recyclables and 50 should be allocated for separation at source awareness campaign and sorting activities, as indicated above.

The service provider will also have to draw up a performance agreement that will be signed with the beneficiaries. This will involve setting of performance targets in order to show dedication and commitment to the project as well as the use of the allocated equipment and tools.

5.3.2 Implementation Support

The beneficiaries will need support from the service provider over the two-year period. This support will be in the following ways:

5.3.2.1 Financial Support

In this case a detailed cost breakdown of the costs indicated under 4.2.2.1 will be needed from the Service provider showing the relevant expenses and draw down periods as well as associated deliverables.

5.3.2.2 Legal compliance

A legal register will be drawn up by the service provider detailing all relevant pieces of legislation for the operation of the respective vehicles and equipment. A plan should also
be included showing the process that will be followed to secure all relevant permits/licenses including their respective time frames. It is important to note that this is an extremely important aspect as it can delay the commencement of the actual operation of the vehicles and/or equipment.

5.3.2.3 Operations and business support
The service provider has to draw an Operational support plan which will detail how the service provider proposes to ensure that the beneficiaries have the necessary skills to operate the vehicles and/or equipment as well as running a business. It is important to note that while training can form part of this plan, it should not be the only aspect of the envisaged support. A capacity building/mentorship approach should be adopted. This plan should detail the activities and processes to be followed, their associated time frames as well as the outcomes. Additional support may also be required where the beneficiaries need additional help from other stakeholders e.g. local municipalities for overnight parking of the vehicles and equipment. The service provider will facilitate such discussions and draw up the relevant agreements. The DEA will be involved in such discussions and approve any agreements to be signed by the relevant parties.

5.4 Monitoring and Evaluation
Monitoring and evaluation reports will be expected from the service providers monthly. The reports will seek to monitor compliance of the service provider in delivering the expected outcomes of the project while also monitoring the level of success of the concept as well as the performance of the beneficiaries. Service providers are thus expected to develop a Monitoring and Evaluation Framework that will be used for the three areas:

- Delivery on the targets of the contract between the DEA and the Service Providers.
- Delivery of the beneficiaries on the set targets as per their performance agreements.
- Performance of the project concept.

6 DURATION OF PROJECT
The project must be completed within 24 months after the signing of the SLA by both parties.

7 PROPOSAL GUIDE
Proposals must at least contain the following information, under the headings specified (this guide must be read together with scope of work and deliverables as well as evaluation criteria for Stage 1):
Methodology: An indication of how the company will meet the specifications of the project, covering the scope of work and each of the deliverables, specifically for the following:

- Identification of pilot area
- Separation at source campaign
- Training support for waste pickers
- **Project Team:** The names and short resumes of each team member must be indicated, including information on experience and specialisation of the individuals to be deployed on this project. A description of their knowledge and experience in relation to their respective functions in the project should be listed. Full CV’s must be included as an annexure.
- **Company experience:** An indication of similar and relevant work undertaken (working within the recycling sector, especially with waste pickers, as well as the supply of relevant recycling equipment) must be given, with references and project costs.
- **Project Action Plan:** A detailed plan indicating sequencing of activities, milestones and related costs and timelines including a risk and mitigation plan.
- **Procurement and supply of tools as well as value Add:** Compliance with the listed specifications for the tools as well as proof of ability to supply the necessary tools within the specified period (3months from the signature of the SLA).
- **Project and Business management:** An indication of how the project will be managed must be given. This must be accompanied by a clear indication of the business management skills required to run this project. This project is essentially a business and as such business principles should apply.
- **Project costs:** All-inclusive cost proposal must be presented.

8 COSTING / COMPREHENSIVE BUDGET

A comprehensive budget must be provided inclusive of all disbursement costs, expenses and VAT.

9 MANDATORY REQUIREMENTS

**Must be completed by bidder by answering yes or no and attach proof.**

signing of the Service Level Agreement. In this regard, documentation (Agreement) from equipment providers must be included in the proposal. Failure to meet the specifications will disqualify a proposal. In addition, failure to provide the requisite documents to prove that the tools can be provided within 3-months of signing the SLA will also disqualify the proposal.

10  SPECIAL CONDITIONS OF CONTRACT

10.1 The performance measures for the delivery of the project will be closely monitored by DEA.

10.2 The Service Provider will submit monthly progress reports to the Programme manager, within 4 days after the end of each month and the final report three weeks before the project end date. Failure to submit the required reports on time will result in penalties.

10.3 The Programme manager shall do the ongoing management of the Service agreement.

10.4 The Service Provider must guarantee the presence of the senior in charge of fieldwork throughout the duration of the contract. Prior to the appointment of a replacement, the Programme Manager must approve such appointment. If the senior has to leave the project, a period of at least a month is required in which the senior must work parallel with the next person (senior consultant with similar expertise and comparable years of experience) appointed to be able to transfer skills and knowledge.

10.5 All the conditions specified in the General Conditions of Contract (GCC) will apply and where the conditions in the special conditions of contract contradicts the conditions in the general conditions of contract the special conditions of contract will prevail.

10.6 Please take note that DEA is not bound to select any of the firms submitting proposals. DEA reserves the right not to award any of the bids and not to award the contract to the lowest bidding price.

10.7 Bidders must score a minimum of 75% for stage 1 (functionality / technical) of the evaluation to qualify for stage 2 (price and B-BBEE) of the evaluation.
10.8 The original Tax Clearance Certificate must be submitted together with the bid. Failure to submit the original and valid Tax Clearance Certificate may result in the invalidation of the bid.

10.9 Certified copies of the Tax Clearance Certificate will not be acceptable in bids where Consortia / Joint Ventures / Sub-contractors are involved, such must be clearly indicated and each party must submit a separate Tax Clearance Certificate before the Adjudication Committee. Failure to submit the original and valid Tax Clearance Certificate may result in the invalidation of the bid.

10.10 The bid proposals should be submitted with all required information containing technical information.

10.11 DEA Entity Maintenance form included in the bid documents must be completed and returned with the bid proposals.

10.12 A breakdown of the hourly tariff inclusive of value-added tax for services rendered. Expenditure incurred without the prior approval of the Programme manager will not be reimbursed.

10.13 DEA will not be held responsible for any costs incurred by the bidder in the preparation, presentation and submission of the bids.

10.14 Travelling costs and time spent or incurred between home and office of consultants and DEA office will not be for the account of DEA.

10.15 Intellectual property rights will belong to DEA

10.16 Bidders must submit two identical proposals for the bid clearly marked “original” and “copy”.

10.17 Soft copies of progress reports must be submitted monthly and both soft and hard copies of the final report must be submitted at the end of the project period. Before any work can commence the service level agreement must be signed by both parties (DEA and the successful bidder) as well as the issue of an official order and should there be any dispute regarding the finalisation of the agreement, DEA reserves the right to cancel the contract with no cost implications for the Department.

10.18 Before any work can commence the service level agreement must be signed by both parties (DEA and the successful bidder) as well as the issue of an official order and should there be
any dispute regarding the finalisation of the agreement, DEA reserves the right to cancel the contract with no cost implications for the Department.

10.19 The evaluation of Bids can only be done on the basis of information required by the department.

10.20 Service Providers are requested to submit the original and valid B-BBEE Status Level Verification Certificate or certified copies thereof issued by verification agencies accredited by SANAS or registered auditors approved by IRBA together with their bids, to substantiate their B-BBEE rating claims, failing which the B-BBEE preference points claimed will be forfeited.

10.21 Bidders who do not submit B-BBEE Status Level Verification Certificates or are non-compliant contributors to B-BBEE do not qualify for preference points for B-BBEE but will not be disqualified from the bidding process. They will score zero (0) points out of 20 for B-BBEE.

10.22 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.

10.23 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.

10.24 Public entities and tertiary institutions must also submit B-BBEE Status Level Verification Certificates together with their bids.

10.25 A bidder will not be awarded the points claimed for B-BBEE status level of contribution if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the contract value to any other enterprise that does not qualify for at least the same number of points that the bidder qualifies for, unless the intended sub-contractor is an EME (Exempted Micro Enterprise) that has the capacity and the ability to execute the sub-contract.

10.26 A contractor is not allowed to sub-contract more than 25% of the contract value to another enterprise that does not have equal of higher B-BBEE status level, unless the intended sub-contractor is an EME (Exempted Micro Enterprise) that has the capability and ability to execute the sub-contract.
10.27 Prospective suppliers and / or public entities interested in pursuing opportunities with the Department and within the South African government, should be registered on the National Treasury Central Supplier Database. This self-registration application represents an expression of interest from the supplier to conduct business with the Department and the South African government.

10.28 Prospective bidders must submit their bid proposals in two envelopes:

a) One envelope with the technical proposal including the following:

- A valid and original Tax Clearance Certificate issued by SARS.
- Entity registration Certificate (CK1)

GOVERNMENT PROCUREMENT:
GENERAL CONDITIONS OF CONTRACT

July 2010
GOVERNMENT PROCUREMENT

GENERAL CONDITIONS OF CONTRACT
July 2010

NOTES

The purpose of this document is to:

(i) Draw special attention to certain general conditions applicable to government bids, contracts and orders; and

(ii) To ensure that clients be familiar with regard to the rights and obligations of all parties involved in doing business with government.

In this document words in the singular also mean in the plural and vice versa and words in the masculine also mean in the feminine and neuter.

- The General Conditions of Contract will form part of all bid documents and may not be amended.

- Special Conditions of Contract (SCC) relevant to a specific bid, should be compiled separately for every bid (if applicable) and will supplement the General Conditions of Contract. Whenever there is a conflict, the provisions in the SCC shall prevail.

General Conditions of Contract

1. Definitions

1. The following terms shall be interpreted as indicated:

1.1 “Closing time” means the date and hour specified in the bidding documents for the receipt of bids.

1.2 “Contract” means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

1.3 “Contract price” means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.

1.4 “Corrupt practice” means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.

1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.

1.6 “Country of origin” means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.

1.7 “Day” means calendar day.

1.8 “Delivery” means delivery in compliance of the conditions of the contract or order.

1.9 “Delivery ex stock” means immediate delivery directly from stock actually on hand.

1.10 “Delivery into consignees store or to his site” means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.

1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the
1.12 “Force majeure” means an event beyond the control of the supplier and not involving the supplier’s fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

1.13 “Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.

1.14 “GCC” means the General Conditions of Contract.

1.15 “Goods” means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.

1.16 “Imported content” means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.

1.17 “Local content” means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

1.18 “Manufacture” means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.

1.19 “Order” means an official written order issued for the supply of goods or works or the rendering of a service.

1.20 “Project site,” where applicable, means the place indicated in bidding documents.

1.21 “Purchaser” means the organization purchasing the goods.

1.22 “Republic” means the Republic of South Africa.

1.23 “SCC” means the Special Conditions of Contract.

1.24 “Services” means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such
obligations of the supplier covered under the contract.

1.25 “Written” or “in writing” means handwritten in ink or any form of electronic or mechanical writing.

2. Application

2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.

2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.

2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.

3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za

4. Standards

4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

5.1 The supplier shall not, without the purchaser’s prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

5.2 The supplier shall not, without the purchaser’s prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.

5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier’s performance under the contract if so required by the purchaser.

5.4 The supplier shall permit the purchaser to inspect the supplier’s records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
7. Performance security

7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier’s failure to complete his obligations under the contract.

7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:

(a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser’s country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or

(b) a cashier’s or certified cheque

7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier’s performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

8. Inspections, tests and analyses

8.1 All pre-bidding testing will be for the account of the bidder.

8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.

8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.

8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.

8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.

8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.7 Any contract supplies may on or after delivery be inspected, tested or
analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods’ final destination and the absence of heavy handling facilities at all points in transit.

9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:

(a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
(b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
(c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
(d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

(e) training of the purchaser’s personnel, at the supplier’s plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

(a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and

(b) in the event of termination of production of the spare parts:
   (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
   (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser’s specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take
such remedial action as may be necessary, at the supplier’s risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

17. Prices

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser’s request for bid validity extension, as the case may be.

18. Contract amendments

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

19. Assignment

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser’s prior written consent.

20. Subcontracts

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier’s performance

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier’s notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier’s time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the
supplier’s point of supply is not situated at or near the place where the supplies are required, or the supplier’s services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier’s expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

(a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

(b) if the Supplier fails to perform any other obligation(s) under the contract; or

(c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any
person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
(i) the name and address of the supplier and / or person restricted by the purchaser;
(ii) the date of commencement of the restriction
(iii) the period of restriction; and
(iv) the reasons for the restriction.

These details will be loaded in the National Treasury’s central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person’s name be endorsed on the Register for Tender Defaulters. When a person’s name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which
may be due to him

25. Force Majeure

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

(a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

(b) the purchaser shall pay the supplier any monies due the supplier.

28. Limitation of liability

28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

(a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

| 31. Notices            | 31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice.  
31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice. |
| 32. Taxes and duties   | 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser’s country.  
32.2 A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.  
32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services. |
| 33. National Industrial Participation (NIP) Programme | 33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation. |
| 34 Prohibition of Restrictive practices | 34.1 In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder (s) is / are or a contractor(s) was / were involved in collusive bidding (or bid rigging).  
34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act No. 89 of 1998. |
34.3 If a bidder(s) or contractor(s), has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.
