1 PURPOSE

The purpose of this request for bids is to secure the services of a service provider for the planning, design, development and implementation of a waste management learning programme.

2 INTRODUCTION AND BACKGROUND

The Department of Environment Affairs established the Waste Management Bureau (‘Bureau’) as per the Waste Amendment Act of 2014 with the objectives of the Bureau among others to promote and facilitate the minimisation, re-use, recycling and recovery of waste; to manage and monitor the implementation of industry waste management plans and to support and advise on the development of waste management plans, tools, instruments, processes, systems, norms, standards and municipal waste management plans and capacity building programmes. The Bureau thus has the responsibility to make sure that capacity building programmes are implemented for the role players in waste management especially those involved in recycling and waste minimisation, such as waste pickers and recyclers. The Bureau has established that there is currently few qualifications that apply to waste management to allow for workers to progress from low-skilled jobs or occupations to high-skilled occupations. The Bureau seeks to have a structured learning programme which will be used for skills development within the waste management sector. The Bureau has embarked on a programme to support waste pickers with tools of trade and equipment to maximise their efficiencies in recycling. Consequently, once the learning programme is developed it will be implemented by training the first group of waste pickers to participate in the tools of trade programme. The work undertaken on this learning programme will be used in the development of a waste management qualification which can be used for skills development purposes across the entire waste management sector as fas as it is applicable.

3 PROJECT OBJECTIVES

The project has two main objectives:,

- To plan, design and develop a learning programme within the waste management sector.
- To implement a learning programme for a group of 150 waste pickers that will participate in the tools of trade programme of the waste bureau.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
