1. PURPOSE

Appointment of a service provider to develop and end-to-end board appraisal, evaluation system and process, conduct one holistic end-to-end board appraisal and evaluation for all Department of Environmental Affairs (DEA) public entities - for a period of 18 months.

2. INTRODUCTION AND BACKGROUND

2.1. One of the key functions of the Executive Authority, as the shareholder, is to ensure transparency and accountability in the use of public funds, as well as ensuring that public entities deliver their mandates efficiently and effectively. This is achieved through a strong performance monitoring regime that sets clear objectives and targets in order to provide clarity to the boards and management on the expectations of the Executive Authority.

2.2. Board appraisals are guided by enabling legislation. Of particular relevance for DEA Public Entity Boards are the PFMA and its Regulations, the respective establishing acts of each DEA Public Entity and DPME requirements. In addition, Government’s agenda alongside best practice measures, in respect of governance will provide further direction. These are the National Development Plan, Presidential Review Committee on State-Owned Entities Report, Nine-Point Plan, Environmental Sector Micro-Governance Report, King III and IV, and the DPE Governance Protocol.

2.3. DEA Public Entity Boards were found to be performed inconsistently on an annual basis, along with the following general observations; inter alia:

- There is no consistency in reporting formats, information and timing amongst the DEA Public Entities;
- The formats cumbersome and the processes onerous and outdated;
- There is no reference to the operational performance;
- There is no reference to individual assessments; and
- The alignment to Government’s agenda is not reflected.
2.4. Good governance requires Boards to have an effective process to evaluate their performance and to ensure their effective and efficient functioning. The evaluation process should be a constructive mechanism for improving Board effectiveness, maximising strengths and dealing with weaknesses, leading to an immediate improvement in performance throughout the organisation.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
