CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids\textsuperscript{1} invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).\textsuperscript{2} Collusive bidding is a \textit{pe se} prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

\textsuperscript{1} Includes price quotations, advertised competitive bids, limited bids and proposals.

\textsuperscript{2} Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

TERMS OF REFERENCE

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT A STUDY ON WASTE TO ENERGY FOR THE PURPOSES OF FORMULATING A POLICY POSITION FOR SOUTH AFRICA
PURPOSE

To appoint a service provider to conduct the comprehensive study on Waste to Energy (WtE) for the purposes of formulating a policy position for South Africa.

1 INTRODUCTION AND BACKGROUND

Energy recovery from waste is already practiced in the country, hence the interest of the Department in working towards the determination of a waste to energy policy position for the country.

A study was conducted by the Department of Environmental Affairs which identified an abundance of Municipal Solid Waste (MSW) which could potentially be utilized as feedstock for waste to energy projects. Not only the MSW can be utilized as feedstock but also other waste streams outside the MSW characterisation. In terms of the National Waste Information Baseline report (2012), South Africa generated approximately 108 million tons of waste in 2011, 90% of the waste generated was disposed of at the landfill sites and of which only 10% was recycled.

Further to the baseline study the department developed a draft discussion document in form of a desktop study on waste to energy. The draft discussion document was disseminated to various stakeholders for comments and inputs.

The feedback from the various stakeholders suggested the need for detailed independent research be conducted on waste to energy practices, it is therefore recommended to appoint a service provider to conduct the required research that will enable the department to formulate a definitive policy position for South Africa.
