THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US$ 10 million or other currency equivalent to US$ 10 million will have a NIP obligation. This threshold of US$ 10 million can be reached as follows:

(a) Any single contract with imported content exceeding US$10 million.

or

(b) Multiple contracts for the same goods, works or services each with imported content exceeding US$3 million awarded to one seller over a 2 year period which in total exceeds US$10 million.

or

(c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US$10 million.

or

(d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US$10 million.

1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30% of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a pro-rata basis.

1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

2.2 The purpose for reporting details of contracts in excess of the amount of **R10 million** (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1 (b) to 1.1 (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of **R10 million** (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:

a. the contractor and the DTI will determine the NIP obligation;

b. the contractor and the DTI will sign the NIP obligation agreement;
c. the contractor will submit a performance guarantee to the DTI;
d. the contractor will submit a business concept for consideration and approval by the DTI;
e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
f. the contractor will implement the business plans; and
g. the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2001

SERVICES

This preference form must form part of all bids invited. It contains general information and serves as a claim form for Historically Disadvantaged Individual (HDI) preference points as well as a summary for preference points claimed for attainment of other specified goals.

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF EQUITY OWNERSHIP BY HISTORICALLY DISADVANTAGED INDIVIDUALS (HDIs), AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2001.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:
- the 80/20 system for requirements with a Rand value of up to R500 000; and
- the 90/10 system for requirements with a Rand value above R500 000.

1.2 The value of this bid is estimated to be above R500 000 and therefore the 90/10 system shall be applicable.

1.3 Preference points for this bid shall be awarded for:
(a) Price; and
(b) Specific contract participation goals, as specified in the attached forms.

1.3.1 The points for this bid are allocated as follows:

<table>
<thead>
<tr>
<th>1.3.1.1 PRICE</th>
<th>TECHNICAL</th>
</tr>
</thead>
<tbody>
<tr>
<td>POINTS</td>
<td>90</td>
</tr>
</tbody>
</table>

1.3.1.2 SPECIFIC CONTRACT PARTICIPATION GOALS

(a) Historically Disadvantaged Individuals:
(i) who had no franchise in national elections before the 1983 and 1993 Constitutions
(ii) who is a female black / white
(iii) who has a disability

(b) Other specific goals (goals of the RDP- plus local manufacture)
(i) 
(ii) 
(iii) 
(iv) 

Total points for Price, HDI's and other RDP-goals must not exceed 100

Separate Preference Points Claim Forms will be used for the promotion of the specific goals for which points have been allocated in paragraph 1.3.1.2 (b) above.
1.4 Failure on the part of a bidder to fill in and/or to sign this form may be interpreted to mean that preference points are not claimed.

1.5 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. GENERAL DEFINITIONS

2.1 "Acceptable bid" means any bid which, in all respects, complies with the specifications and conditions of bid as set out in the bid document.

2.2 "Bid" means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of goods, works or services.

2.3 "Comparative price" means the price after the factors of a non-firm price and all unconditional discounts that can be utilised have been taken into consideration.

2.4 "Consortium or joint venture" means an association of persons for the purpose of combining their expertise, property, capital, efforts, skills and knowledge in an activity for the execution of a contract.

2.5 "Contract" means the agreement that results from the acceptance of a bid by an organ of state.

2.6 "Specific contract participation goals" means the goals as stipulated in the Preferential Procurement Regulations 2001.

2.6.1 In addition to above-mentioned goals, the Regulations [12.(1)] also make provision for organs of state to give particular consideration to procuring locally manufactured products.

2.7 "Control" means the possession and exercise of legal authority and power to manage the assets, goodwill and daily operations of a business and the active and continuous exercise of appropriate managerial authority and power in determining the policies and directing the operations of the business.

2.8 "Disability" means, in respect of a person, a permanent impairment of a physical, intellectual, or sensory function, which results in restricted, or lack of, ability to perform an activity in the manner, or within the range, considered normal for a human being.

2.9 "Equity Ownership" means the percentage ownership and control, exercised by individuals within an enterprise.

2.10 "Historically Disadvantaged Individual (HDI)" means a South African citizen

(1) who, due to the apartheid policy that had been in place, had no franchise in national elections prior to the introduction of the Constitution of the Republic of South Africa, 1983 (Act No 110 of 1983) or the Constitution of the Republic of South Africa, 1993, (Act No 200 of 1993) ("the interim Constitution"); and/or

(2) who is a female; and/or

(3) who has a disability:

provided that a person who obtained South African citizenship on or after the coming to effect of the Interim Constitution, is deemed not to be a HDI;

2.11 "Management" means an activity inclusive of control and performed on a daily basis, by any person who is a principal executive officer of the company, by whatever name that person may be designated, and whether or not that person is a director.

2.12 "Owned" means having all the customary elements of ownership, including the right of decision-making and sharing all the risks and profits commensurate with the degree of ownership interests as demonstrated by an examination of the substance, rather than the form of ownership arrangements.
2.13 "Person" includes reference to a juristic person.

2.14 "Rand value" means the total estimated value of a contract in Rand denomination that is calculated at the time of bid invitations and includes all applicable taxes and excise duties.

2.15 "Small, Medium and Micro Enterprises (SMMEs)" bears the same meaning assigned to this expression in the National Small Business Act, 1996 (No 102 of 1996).

2.16 "Sub-contracting" means the primary contractor's assigning or leasing or making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract.

2.17 "Trust" means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person.

2.18 "Trustee" means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ESTABLISHMENT OF HDI EQUITY OWNERSHIP IN AN ENTERPRISE

3.1 Equity ownership shall be equated to the percentage of an enterprise which is owned by individuals classified as HDIs, or in the case of a company, the percentage shares that are owned by individuals classified as HDIs, who are actively involved in the management and daily business operations of the enterprise and exercise control over the enterprise, commensurate with their degree of ownership.

3.2 Where individuals are not actively involved in the management and daily business operations and do not exercise control over the enterprise commensurate with their degree of ownership, equity ownership may not be claimed.

4. ADJUDICATION USING A POINT SYSTEM

4.1 The bidder obtaining the highest number of points will be awarded the contract.

4.2 Preference points shall be calculated after prices have been brought to a comparative basis.

4.3 Points scored will be rounded off to 2 decimal places.

4.4 In the event of equal points scored, the bid will be awarded to the bidder scoring the highest number of points for specified goals.

5. POINTS AWARDED FOR PRICE

5.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

\[
P_{s} = 80 \left( 1 - \frac{P_{t} - P_{\text{min}}}{P_{\text{min}}} \right) \quad \text{or} \quad P_{s} = 90 \left( 1 - \frac{P_{t} - P_{\text{min}}}{P_{\text{min}}} \right)
\]
Where

\[ \text{Ps} = \text{Points scored for price of bid under consideration} \]

\[ \text{Pt} = \text{Rand value of bid under consideration} \]

\[ \text{P}_{\text{min}} = \text{Rand value of lowest acceptable bid} \]

6. Points awarded for historically disadvantaged individuals

6.1 In terms of Regulation 13 (2) preference points for HDI’s are calculated on their percentage shareholding in a business, provided that they are actively involved in and exercise control over the enterprise. The following formula is prescribed in Regulation 13 (5) (c):

\[ \text{NEP} = \text{NOP} \times \frac{\text{EP}}{100} \]

Where

\[ \text{NEP} = \text{Points awarded for equity ownership by an HDI} \]

\[ \text{NOP} = \text{The maximum number of points awarded for equity ownership by an HDI in that specific category} \]

\[ \text{EP} = \text{The percentage of equity ownership by an HDI within the enterprise or business, determined in accordance with the definition of HDI’s.} \]

6.2 Equity claims for a trust will only be allowed in respect of those persons who are both trustees and beneficiaries and who are actively involved in the management of the trust.

6.3 Documentation to substantiate the validity of the credentials of the trustees contemplated above must be submitted.

6.4 A consortium or joint venture may, based on the percentage of the contract value managed or executed by their HDI-members, be entitled to preference points in respect of an HDI.

6.5 A person awarded a contract as a result of preference for contracting with, or providing equity ownership to an HDI, may not subcontract more than 25% of the value of the contract to a person who is not an HDI or does not qualify for the same number or more preference for equity ownership.

7. BID DECLARATION

7.1 Bidders who claim points in respect of equity ownership must complete the Bid Declaration at the end of this form.

8. EQUITY OWNERSHIP CLAIMED IN TERMS OF PARAGRAPH 2.10 ABOVE. POINTS TO BE CALCULATED FROM INFORMATION FURNISHED IN PARAGRAPH 9.8.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a _per se_ prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

________________________________________

(Bid Number and Description)

in response to the invitation for the bid made by:

________________________________________

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: ________________________ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;

2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;

3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;

4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;

5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

   (a) has been requested to submit a bid in response to this bid invitation;

   (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and

   (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   
   (a) prices;
   
   (b) geographical area where product or service will be rendered (market allocation)
   
   (c) methods, factors or formulas used to calculate prices;
   
   (d) the intention or decision to submit or not to submit, a bid;
   
   (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
   
   (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

*Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.*
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

NOTES

The purpose of this document is to:

(i) Draw special attention to certain general conditions applicable to government bids, contracts and orders; and

(ii) To ensure that clients be familiar with regard to the rights and obligations of all parties involved in doing business with government.

In this document words in the singular also mean in the plural and vice versa and words in the masculine also mean in the feminine and neuter.

- The General Conditions of Contract will form part of all bid documents and may not be amended.

- Special Conditions of Contract (SCC) relevant to a specific bid, should be compiled separately for every bid (if applicable) and will supplement the General Conditions of Contract. Whenever there is a conflict, the provisions in the SCC shall prevail.

General Conditions of Contract

1. Definitions

1. The following terms shall be interpreted as indicated:

1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.

1.2 "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

1.3 "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.

1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.

1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.

1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.

1.7 "Day" means calendar day.

1.8 "Delivery" means delivery in compliance of the conditions of the contract or order.

1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand.

1.10 "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.

1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the
1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.

1.14 "GCC" means the General Conditions of Contract.

1.15 "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.

1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.

1.17 "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.

1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service.

1.20 "Project site," where applicable, means the place indicated in bidding documents.

1.21 "Purchaser" means the organization purchasing the goods.

1.22 "Republic" means the Republic of South Africa.

1.23 "SCC" means the Special Conditions of Contract.

1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such
2. Application

2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.

2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.

2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.

3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za

4. Standards

4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

5.1 The supplier shall not, without the purchaser’s prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

5.2 The supplier shall not, without the purchaser’s prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.

5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier’s performance under the contract if so required by the purchaser.

5.4 The supplier shall permit the purchaser to inspect the supplier’s records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
7. Performance security

7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier’s failure to complete his obligations under the contract.

7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:

(a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser’s country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or

(b) a cashier’s or certified cheque

7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier’s performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

8. Inspections, tests and analyses

8.1 All pre-bidding testing will be for the account of the bidder.

8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.

8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.

8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.

8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.

8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.7 Any contract supplies may on or after delivery be inspected, tested or
analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:

(a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
(b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
(c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

(a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and

(b) in the event of termination of production of the spare parts:
   (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
   (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take
such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

17. Prices

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.

18. Contract amendments

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

19. Assignment

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the
22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

(a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
(b) if the supplier fails to perform any other obligation(s) under the contract; or
(c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any other
23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
(i) the name and address of the supplier and / or person restricted by the purchaser;
(ii) the date of commencement of the restriction
(iii) the period of restriction; and
(iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person’s name be endorsed on the Register for Tender Defaulters. When a person’s name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which
25. Force Majeure

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

(a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
(b) the purchaser shall pay the supplier any monies due the supplier.

28. Limitation of liability

28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

(a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
29. Governing language

29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.

31. Notices

31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice.

31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

32.2 A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

33. National Industrial Participation (NIP) Programme

33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

34. Prohibition of Restrictive practices

34.1 In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding (or bid rigging).

34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act No. 89 of 1998.
34.3 If a bidder(s) or contractor(s), has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

1 PURPOSE
The document provides the terms of reference for the professional service provider to be appointed by the Department to undertake a project that will result in the publication of integrated strategy for the control of vehicle emissions in order to fulfil Government's Constitutional mandate to ensure an environment that is not harmful to the health and well being of all South Africans.

2 INTRODUCTION
Atmospheric emissions from motor vehicles often contribute to a greater or lesser degree to air pollution and the concomitant reduction in ambient air quality. Given that Section 24 of the Constitution implies that government must, through legislative and other means, ensure ambient air quality that is not harmful to health and well-being, it is necessary to control vehicle emissions through legislative or other means to achieve or maintain ambient air quality that is not harmful to health and well-being.

2.1 Issues
There are a number of issues that must be considered in order to control vehicle emissions through legislative or other means to achieve or maintain ambient air quality that is not harmful to health and well-being. These issues have an impact on the quantity, quality and impact of atmospheric emissions from motor vehicles, and they include –

The vehicle design specifications;

The specifications for the fuel used in the vehicle;

The maintenance status of the vehicle when in use;

Traffic conditions;

Road conditions; and

Driver behaviour.

2.2 The need for a coherent, integrated, coordinated and aligned approach
Given the above, in order to efficiently and effectively ensure that vehicle emissions do not substantially contribute to ambient air quality that is harmful to health and well-being, all of these issues require some form of government intervention. As examples –

If a vehicle design specification ensures the emission of significant atmospheric emissions, controls on fuel specifications, vehicle maintenance, traffic conditions or road conditions will not reduce the emission of significant atmospheric emissions;

If the fuel used in a vehicle is of such poor quality that design specifications in respect of emission controls are effectively negated (e.g. catalytic converters are clogged, engine cannot operate to design specifications, etc.), controls on vehicle design specifications, vehicle maintenance, traffic conditions or road conditions will not reduce the emission of significant atmospheric emissions;

If a car is poorly maintained resulting in the emission of significant atmospheric emissions, controls on vehicle design
specifics, fuel specifications, traffic conditions or road conditions will not reduce the emission of significant atmospheric emissions;

If a vehicle is continuously operated in low speed stop/start conditions (e.g. traffic jams) resulting in the accumulation of significant atmospheric emissions, controls on vehicle design specifications, fuel specifications or vehicle maintenance will not reduce the impact of the accumulated atmospheric emissions.

From this it is clear that, in order to efficiently and effectively control vehicle emissions through legislative or other means to achieve or maintain ambient air quality that is not harmful to health and well-being, a coherent, integrated, coordinated and aligned approach must be followed. It is for this reason, therefore, that this current project has been designed. Further, the actual health and well-being impacts to be addressed by the control of vehicle emissions are not quantified in any way currently in South Africa and there is a need for such in order to understand the impact and design appropriate control.

3 OVERALL PROJECT OBJECTIVE

The objective of this project is the Constitutional mandate to ensure an environment that is not harmful to the health and well-being of all South Africans by controlling emissions from road-going motor vehicles.

4 IMMEDIATE PROJECT OBJECTIVES

In order to contribute to this overall objective, the following immediate objectives of the project are framed as:

4.1 Immediate Objective A- Status Quo Report
National status of vehicle exhausts emissions and their impact on national ambient air quality is established.

4.2 Immediate Objective B- The Review
Current national and international work related to the management and control of emissions from road-going motor vehicles is reviewed with a view to assessing its efficacy with a view to informing and fast-tracking the work directed to the development of a new integrated strategy for the management and control of emissions from road-going motor vehicles.

4.3 Immediate Objective C- Scenario Building
A model to investigate the efficacy of various future intervention scenarios is established to guide and inform the development of an integrated strategy for the control of emissions from road-going vehicles;

4.4 Immediate Objective D- Draft integrated vehicle emissions management strategy development
Revision of the 2003 Joint Implementation Strategy for the Control of Exhaust Emissions from Road-going Vehicles in the Republic of South Africa is conducted with an intention to develop an Integrated Vehicle Emissions Management Strategy.

4.5 Immediate Objective E- Final Draft integrated vehicle emissions management strategy development
The draft Integrated Vehicle Emissions Management Strategy is finalized taking into consideration cabinet recommendations.

4.6 Immediate Objective F- Capacity Building Objective
Sustained capacity is developed within the department (Specifically within the Sub-directorate: Atmospheric Norms and Standards) to efficiently and effectively monitor the implementation of the strategy by all stakeholders identified in Output D (see 4.4). In this regard, the project must address capacity constraints related to monitoring of the implementation of the strategy as well as future reviews of the strategy.

1 Government Gazette No.25741; Notice No.3324; 12 December 2003
4.7 Immediate Objective G: The participation objective

The integrated vehicle emissions management strategy on the control of motor vehicle exhaust emissions is developed in accordance with the spirit and letter of the cooperative and participatory governance requirements and principles contained in Chapter 3 of the Constitution, the National Environmental Management Act (Act No. 107 of 1989), the Integrated Pollution and Waste Management Policy (2000) and the AQA.

5 OUTPUTS IN RESPECT OF IMMEDIATE OBJECTIVES

5.1 Output in respect of output A- The status quo objective

The contracted consultants will collect and review the existing information on vehicle emissions in the country in order to qualitatively and quantitatively assess their impacts on the ambient air quality. The work will include, amongst other things, the following:

- The compilation of an emission inventory using existing information on traffic emissions.
- Assessment of the current impacts of motor vehicles on ambient air quality using ambient air quality monitoring stations that are specifically located to assess these impacts.

The contracted consultants will then, using the information gathered in this output, compile a report on the status of vehicle emissions in the country, which covers the emission inventory of this sector as well as an assessment of the impacts of these vehicles on ambient air quality.

5.2 Outputs in respect of Immediate Objective B- The review objective

Working in close cooperation with the National Air Quality Officer and the department’s Directorate: Atmospheric Policy, Regulation and Planning, the contracted consultants must generate, but are not limited to the generation of, the following outputs that will ensure that current national and international work related to management and control of emissions from road-going motor vehicles is reviewed with a view to informing and fast-tracking the work directed or implied to development and implementation of the integrated vehicle emissions management strategy.

5.2.1 Output B.1: National review

The contracted consultants will establish a database of nationally implemented interventions (including a review of the different studies that have been conducted by local bodies and institutions (e.g. Academia, MRC, SAPIA, national, provincial and local government)) that are directed to the management of emissions from motor vehicles, including the efficacy of such interventions. The review report must identify challenges and gaps, and must make recommendations on areas of improvement.

5.2.2 Output B.2: International review
The contracted consultants will carry out a study of all relevant international information relating to the impacts of motor vehicle emissions and management and control strategies for these emissions. The review report must make specific recommendations on how this work may be adopted and/or adapted with a view to informing and fast-tracking the work directed or implied to development and implementation of the integrated vehicle emissions management strategy.

5.2.3 Output B.3: Affected sectors inputs review
Using the information gathered in 5.2.1 and 5.7.2, the contracted consultants will carry out a desk-top review of the various inputs received from affected manufacturing sectors (e.g. South African Petroleum Industry Association; National Association of Automobile Manufacturers of South Africa) and compile the "Affected manufacturing sectors input review" section of a review report that makes specific recommendations on how these inputs may be adopted and/or adapted (taking into account the cost of implementation and associated benefits) with a view to informing and fast-tracking the work directed or implied in order to development and implementation of the integrated vehicle emissions management strategy.

5.2.4 Output B.4: Final Review Report
Using the information gathered in 5.2.1; 5.2.2; and in 5.2.3 the contracted consultants will carry out all interviews, meetings, literature reviews, web searches, etc. required to compile a Final Review Report that makes specific recommendations on
how current national and international work related to the control of motor vehicle emissions may be adopted and/or adapted with a view to informing and fast-tracking the work directed or implied in order to develop and implement the integrated vehicle emissions management strategy. The Final Review Report should contain, but is not limited to, the following sections: (i) Executive summary of key recommendations; (ii) Background and context; (iii) National Review; (iv) International Review; (v) Affected Sectors Input Review; and (vi) Conclusions.

Once the draft Final Review Report has been approved by the department for broader circulation, the document will be workshopped with key stakeholders (i.e. but not limited to NAAMSA, SAPIA, affected departments in all spheres of government) (1 public workshop (around 50 people) – see 5.7.2) and finalized based on the proceedings of this workshop. The approved Final Review Report should be published by the department in SAAQIS\(^2\).

5.3 Outputs in respect of Immediate Objective C- Scenario building objective

Using the recommended interventions detailed in the Final Review Report (See 5.2.4) the consultants will develop and implement a model to investigate the efficacy of various future interventions scenarios to guide and inform the development of an integrated vehicle emissions management strategy for the management and control of emissions from road-going vehicles in South Africa. This exercise should quantify, where possible, the emission reduction potential of each of the interventions. The work should be conducted as a series of scenarios with an economic cost / benefit analysis conducted as part of the assessment. The interventions must cover all spheres of government and where possible should include realistic timeframes associated with the implementation of the interventions.

5.6 Outputs in respect of Immediate Objective F- Capacity building

The department will assign staff of the sub-directorate to work on this project as follows: (i) 1 X Deputy Director - 8 hours per week; (ii) 1 X Assistant Director - 8 hours per week; and 1 X Assistant Director - 32 hours per week. The appointed service provider must develop a well detailed Skills Transfer Plan with focused budget, outputs, indicators, time frames and quarterly reporting on progress to the DEA Project Manager. These progress reports should include challenges and suggestive remedial measures in undertaking capacity building. The appointed service provider should provide where necessary, an office space, at their offices, to enable DEA personnel to perform their tasks efficiently. Tasks allocated to the DEA officials must include technical work, presentations, data collection, collation and analysis, stakeholder engagement, website updating, etc with measurable indicators.

To this end, bidders should provide for 80 senior consultant hours and 200 junior consultant hours within the bid as the required resource allocation for this output (see 14.2)
5.7 Outputs in respect of Immediate Objective G - The participation objective

Working in close cooperation with the National Air Quality Officer and the department’s Directorate: Atmospheric Policy, Regulation and Planning, the contracted consultants must generate, but are not limited to the generation of, the following outputs that will ensure that the Integrated Vehicle Emissions Management Strategy is developed in accordance with the spirit and letter of the cooperative and participatory governance requirements and principles contained in Chapter 3 of the Constitution, the National Environmental Management Act (Act No. 107 of 1989), the Integrated Pollution and Waste Management Policy (2000) and the AQA.

5.7.1 Output G.1: Efficient and effective intergovernmental coordination and cooperation

The Director: Atmospheric Policy, Regulation and Planning will appoint a project steering committee (PSC) for this project in order to guide the service provider and to review and approve project outputs. Project outputs will also be presented to the Interdepartmental Task Team (IDTT) on Review of Fuel Quality Specifications before being presented to the broader stakeholder forum. The contracted consultants will provide any necessary secretariat and logistical support to this PSC throughout the duration of the project. This will include, but is not limited to: compilation and circulation of project-related agenda items; minute-taking; and compilation and circulation of project-related meeting documentation.

To this end, bidders should provide for 30 senior consultant hours and 70 junior consultant hours within the bid as the required resource allocation for this output (see 14.2)

6 ACTIVITIES

Specific activities to be carried out by the contracted consultant in generating the above outputs must be detailed in the proposal contained in the bid.

7 INPUTS AND BUDGET

In order to generate the above outputs, the department will cover the expenses relating to the work of the contracted consultant to a value not exceeding that agreed in the contracted consultants’ contract.

8 PROJECT MANAGEMENT

8.1 Project Director

The Director: Atmospheric Policy, Regulation and Planning will be the Project Director. As such, the contracted consultants will be directed by, and report to, the Director.

8.2 The Project Management Team

A Project Management Team made up of the following team members will make the day-to-day decisions on project implementation:

- The Director: Atmospheric Policy, Regulation and Planning;
- Deputy-Director: Air Quality Management Planning (Internal Project Manager);
- Assistant-Directors: Air Quality Management Planning; and
- The leader of the contracted consultants hereinafter referred to as the Project Manager.

8.3 The Project Manager

The bid in respect of these terms of reference will nominate a senior member as the leader of the team of consultants that will be contracted by the department to carry out the work described by these terms of reference. This person, the Service Provider Project Manager, will be responsible for managing the generation of all the outputs described in this document and the accepted proposal contained in the bid, and for the delivery of the required outputs of an acceptable quality within the
required timeframes. The Project Manager will be the contact person for all departmental-consultant interactions and will report, through the Project Management Team, to the Project Director.

8.4 Continuity and profile of senior staff on the project
The contracted consultants must guarantee the presence of a senior staff member who will act as the Service Provider Project Manager throughout the duration of the contract (see 8.3). If the Service Provider Project Manager has to leave the project, a period of at least a month is required in which the Service Provider Project Manager must work in parallel with her/his replacement (i.e. a senior staff member with similar expertise and equal years of experience) appointed to be able to transfer skills and knowledge.

9 PROJECT INFORMATION MANAGEMENT

9.1 Internal Project Communication
All decisions, suggestions, recommendations, reports, etc. concerning the project must be submitted in writing. In the case of emergencies, verbal decisions, suggestions, recommendations, reports, etc. must be confirmed in writing by the contracted consultant within 48 hours of the verbal communication. All documents shall be prepared in MS Word and bar charts and spreadsheets in either MS Project or in Microsoft Excel. All required reports will be submitted to the project director in 5 hard copies as well as on an appropriate electronic storage medium (disk or CD).

9.2 External Project Communication
All communication external to the project (e.g. response to complaints, press/media queries, etc.) will be carried out by the either the Project Director or the department’s communication section. As such, all complaints, press/media queries, etc. must be referred to the Project Director together with a written briefing on a possible response. The department may create a project web page as part of the department’s web site. Once approved, various project reports, outputs, etc. may be made available through this web page.

10 TIMING AND IMPLEMENTATION
The project will commence following the signing of a contract between the department and the selected consultancy.

The project is expected to have duration of no longer than 18 months and the following table provides some guidance/expectations in this regard. All work is to be carried out in accordance with a project plan and time schedule as agreed with the Departmental Project Director. The project must be completed and final invoices received on, or before, 30 November 2012.

11 REPORTING
The contracted consultant will submit fortnightly progress reports to the Departmental Project Manager for the duration of the project.

12 PERFORMANCE MEASURES
The performance measures for the delivery of the outputs as specified in the project plan will be closely monitored by Departmental Project Manager (see 13).

13 CONTACT PERSON
Ms Elizabeth Masekoameng, Deputy Director: Air Quality Management Planning will be a departmental point of contact on day to day activities and internal Project Manager. Tel: (012) 310 3498 Fax: (012) 320 0448 and E-mail: E.Masekoameng@environment.gov.za alternatively, the Project Director: Dr. Thulie Mdluli (Tel: 012 310 3436, email: TN.Mdluli@environment.gov.za)

14 THE BID
Bids will be subject to Supply Chain Management conditions as follows:

The Preferential Procurement Policy Framework Act, Act No. 05 of 2000 will apply to this tender. In accordance with this Act, submission will be adjudicated on the 90/10 points system. Price scores will make up the total of 90 points. The remaining 10 points will be split in accordance with the SBD 6.1 documents.

All bidders are required to submit a detailed implementation proposal as part of their bid. This proposal must clearly outline how the bidder proposes to carry out the work as described in these terms of reference. Although the bidder may provide the department with any information the bidder considers relevant to the proposal, the proposal should, as a minimum, provide detail on the following:

- Name, contact details and legal status of the company (or companies if a consortium);
- Company information (ownership, financial status etc);
- Understanding Of The Brief – A brief (max 4, A4 page) summary of the bidder’s interpretation of the work implied by these terms of reference;
- Schedule of Activities – Proposed activities required to generate the required outputs must be scheduled in a form that will allow the department to clearly understand the bidder’s logic and the coherence of the proposal;
- Proposed Project implementation Plan, including output schedule – The project implementation plan should describe the timing of, and interrelationships between, the proposed activities and clearly provide delivery dates for
the project outputs. A Gantt bar chart that graphically illustrates the project implementation plan and critical path should be attached as an annex to the proposal;

- Consultancy Team – Demonstration of capacity, knowledge and experience in delivering the required services. A list of similar work carried out in the last 12 months should be provided as proof.

A detailed description of all members of the proposed consultancy team should be provided. Reference must be made to: (i) the relevant qualifications, knowledge, skills, expertise and experience of the member; (ii) the activities each member is to be involved in; and (iii) the estimated time the member will be involved in the relevant activities. Detailed CVs of all members must who will be available for the duration of the work be attached as an annex to the proposal- Failure to submit the CV's will invalidate your bid;

- Method Of Work – A detailed description of how the bidder proposes to manage the project resources (human, financial and technological) for the successful implementation of the project (e.g. use of home office, internal management structures, etc.);

- Project Quotation – Over and above the requirements contained in the standard departmental bid documentation, a detailed project budget must be provided in an annex as follows:

  a) Detailed Activity Costing – Each proposed project activity should be analyzed in terms of the required inputs and these inputs should be costed as illustrated in the example4 below:

4 **Important Note:** All examples provided in this document must be regarded as examples only and are only given to provide guidance in the compilation of the bid. As such, these examples should not be used to influence the content of any proposal or prejudice the bidder’s considerations in this regard.
14.1 Alternative Proposals

Should a bidder believe that the overall objective of this project could be achieved more efficiently and effectively through the implementation of strategies other than those detailed in these terms of reference; the bidder may submit an alternative proposal as an annexure to the conforming Bid.

It must be noted that alternative proposals will not be considered unless a proposal conforming to these terms of reference (a conforming bid) is submitted, i.e. a conforming Bid must be submitted in order for the department to consider an alternative proposal.

14.2 Prime Cost Items

Prime cost items refer to elements of the project that may not be easily quantified by prospective bidders. As such, these elements are specifically quantified to ensure fair competition in the bidding process. The items identified in the following table are the prime cost items for this project and bidders must ensure that their bids, particular the project quotation, must reflect these items and must include the value of these items in the total Bid value.

14.3 Special Conditions

- The department reserves the right to appoint a company that demonstrates a strong BEE component, in order to address South Africa’s socio-economic disparities.
- Potential service providers must clearly articulate how they intend to develop a national emissions inventory for vehicle emissions and how the same will be used to develop the strategy.
- Potential service providers must attach the Curriculum Vitae of the key staff who will be available for the duration of the work and highlight their capabilities in relation to the project.
- Technical content will be scored out of 80. Only bidders scoring more than 60 on technical content will be considered and evaluated in accordance with the 90/10 principle as shown in section 14.6.

14.4 Additional Information on Bid

Details on staff training, development policies and procedures with specific mention on affirmative action policies must be provided.

A breakdown of the hourly tariff inclusive of value-added tax for services rendered must be provided. Expenditure incurred without the prior approval of the Departmental Project Manager will not be reimbursed.

The department reserves the right to sign a service level agreement with the preferred bidder. The preferred bidder will sign a formal contract with the department (includes SBD 7.1 to 7.3). The successful bidder may not change (buy out HDI points) BEE status during the contract period. The department reserves the right to terminate the contract should the successful bidder no longer meet the BEE requirement.

How a joint venture (if the bids are a joint venture between a BEE firm and a non BEE firm) will split the work between the firms. The detail must be such that the department can audit the actual work allocation during the delivery to enforce the transfer of skills between the two firms. The percentage involvement of each company in the joint venture should also be indicated. Please note that all members of the joint venture should sign the contract and are jointly and severally liable for the entire assignment.

The department will not be held responsible for any costs incurred by the bidder in the preparation and submission of the Bid.

Please take note that the department is not bound to select any of the firms submitting proposals. The department reserves the right not to award any of the bids and not to award the contract to the lowest bid price as well as to renegotiate the price of the preferred applicant.

Travelling costs and time spent or incurred between home and office of the Service Provider and the department head office will not be for the account of the department.

14.5 Payment Terms

The Department undertakes to payout in full within 30 (thirty) days all valid claims for work done to its satisfaction upon presentation of a substantiated claim. No payment will be made where there is outstanding information/work not submitted by the Service Provider/s until that outstanding information is submitted.
14.6 Bid Evaluation

In evaluating the technical information contained in the bid, the evaluation committee will be guided by the following:

**Bidder's understanding of the brief** – The bid provides a clear indication that the bidder fully understands the purpose and scope of the work and the bidders' own roles and functions in this regard.

**Quality** – The bid provides a clear indication that the signage to be supplied by the bidder complies with highest materials, manufacturing and printing specifications which are fully aligned with any relevant local or national standards for road signs.

**Track Record** – The bid provides clear information on previous, relevant projects that confirm that the bidder has the required experience and success track record in road sign design, manufacture, printing and erection.

**Quality of the Bid** – The bid is structured, laid-out, formatted and organized in such a way that the evaluation committee is easily able to assess the bid in accordance with the evaluation criteria and is provided with an insight into the quality of deliverables that may be expected from the bidder if successful.

**Affirmative action** – The bid clearly describes the bidder's contribution to ensuring the transformation of the services sector through affirmative action programmes and provides insight into the success, or otherwise, of these programmes.

**Skills transfer** – The bid clearly describes the bidder’s contribution to ensuring the transformation of the services sector through initiatives that successfully transfer skills to historically disadvantaged individuals.

"Commodities" Applicants should indicate in the column above, the categories of supplies / services which they would like to be registered for, as well as the specific items under the categories, for instance:
NB:

1. It shall be the responsibility of the registered supplier/service provider to inform the Department immediately in writing of any change of address, telephone and facsimile numbers and, in particular, of any changes in respect of the equity ownership by historically disadvantaged individuals (HDI Status) and the small / medium / micro enterprise (SMME) status of the business. Should a contract be awarded to a business as a result of incorrect particulars on the HDI/SMMEE status of that business, the Department shall have the right to, in addition to any other remedy that it may have in terms of the Preferential Procurement Regulations (2001), cancel the contract and to claim damages.

2. The Department reserves the right to enter into term contracts with any supplier (whether registered or not) for any category of goods or services if the frequency of procurement in the particular category warrants a term contract.

DECLARATION OF BIDDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICE

1. This Standard Bidding Document must form part of all bids invited.

2. It serves as a declaration to be used by institutions in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.

3. The bid of any bidder may be disregarded if that bidder, or any of its directors have-
   a. abused the institution's supply chain management system;
   b. committed fraud or any other improper conduct in relation to such system; or
   c. failed to perform on any previous contract.

4. In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.
