THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (dti) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US$ 10 million or other currency equivalent to US$ 10 million will have a NIP obligation. This threshold of US$ 10 million can be reached as follows:

(a) Any single contract with imported content exceeding US$10 million.

(b) Multiple contracts for the same goods, works or services each with imported content exceeding US$3 million awarded to one seller over a 2 year period which in total exceeds US$10 million.

(c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US$10 million.

(d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US$10 million.

1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30% of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a pro-rata basis.

1.3 To satisfy the NIP obligation, the dti would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of R10 million (ten million Rands), submit details of such a contract to the dti for reporting purposes.

2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD) together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the dti in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the dti with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact with and furnished the dti with the information required, the following steps will be followed:

a. the contractor and the dti will determine the NIP obligation;

b. the contractor and the dti will sign the NIP obligation agreement;
c. the contractor will submit a performance guarantee to the dti;  
d. the contractor will submit a business concept for consideration and approval by the dti;  
e. upon approval of the business concept by the dti, the contractor will submit detailed business plans outlining the business concepts;  
f. the contractor will implement the business plans; and  
g. the contractor will submit bi-annual progress reports on approved plans to the dti.

4.2 The NIP obligation agreement is between the dti and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

TERMS OF REFERENCE FOR THE APPOINTMENT OF AN EVENTS MANAGEMENT COMPANY/S TO ORGANISE AND MANAGE CONTENT AND LOGISTICS FOR THE SECOND WASTE MANAGEMENT OFFICERS KHORO TO BE HELD IN OCTOBER 2011

(i) INTRODUCTION

South Africa has, in the past two years, seen a legislative reform in as far as waste management is concerned through the promulgation of the National Environmental Management: Waste Act 2008 (Act No.59 of 2008). The Waste Act requires the Minister to develop, amongst others: the National Waste Management Strategy, norms and standards for the management of various waste streams as well as Regulations to give further guidance regarding the implementation of some of the provisions of the Act. The Department has initiated and, in some instances, completed the following projects since the coming into effect of the Act on 1 July 2009:

- Waste Information Regulations
- Waste Classification and Management system
- Framework for the Management of contaminated land
- National Waste Management Strategy
- National Policy for the Provision of Basic Refuse Removal Services to Indigent Households
- National Domestic Waste collection Standards
- Municipal Waste Sector Plan
• Guideline for the preparation of Industry Waste Management Plans
• Waste Management Activity list
• Model By law on waste management etc

The Waste Tyre, Asbestos and Plastic Bag Regulations were saved under the NEM:WA and the National Policy in Thermal Treatment of general and hazardous waste were saved under the NEM: Waste Act.

The Department is continuously engaging with various stakeholders including the private sector, organised labour, non-governmental organisations, national departments, provincial government and municipalities in order to ensure that all the processes are aligned with the government-wide priorities as well as protect the environment and human health. Government, particularly provinces and municipalities, play a crucial, if not central, role in the implementation of the Waste Act and it is therefore important to establish coordination mechanisms which bring together all parties concerned. These mechanisms provide space for information sharing and knowledge management amongst public bodies.

(ii) WASTE MANAGEMENT OFFICERS CONFERENCE (KHORO)

The Waste Act makes provision for the planning and institutional structures for the coordination of waste management matters in all three spheres of government. Section 10 requires the Minister, the MEC and Municipalities to designate Waste Management Officers (WMOs) in writing; within their administration. The Department has so far developed a guideline for the designation of WMOs as well as the National Coordination Plan in an effort to guide the establishment of provincial and national waste management forums which will bring together all waste management officers in the country.

The Minister launched the 1st Waste Management Officers Khoro on 15-16 September 2010 in Boksburg, Gauteng province and declared it as an annual event. In addition, the
Minister announced the Chief Director: Pollution and Waste Management as the national WMO and Chairperson of the national WMO forum. The 1st Waste Khoror was a success and was attended by national departments, provinces and municipalities of all levels, with a focus on legislation, recycling, reuse and recovery of waste, compliance and enforcement, waste services, governance and planning. The Department is planning to host the 2nd Waste Khoror in October 2011 and the proposed venue is Limpopo province. The conference will be preceded by project site visits where delegates will be looking at projects aimed at enhancing effective and efficient waste management practices in the host province. The main focus of the 2011 Khoror will be to address waste services backlogs, diversion of waste to other waste management options other than disposal, the financing of waste management as well as compliance with the requirements of the Waste Act i.e. licensing of waste management activities with particular focus on municipal owned waste disposal sites. This is aligned with the Delivery Agreement for Outcome 10. The 2011 conference will also be used to launch the National Waste Management Strategy.
