THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and para-statal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US$ 10 million or other currency equivalent to US$ 10 million will have a NIP obligation. This threshold of US$ 10 million can be reached as follows:

(a) Any single contract with imported content exceeding US$10 million.

(b) Multiple contracts for the same goods, works or services each with imported content exceeding US$3 million awarded to one seller over a 2 year period which in total exceeds US$10 million.

(c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US$10 million.

(d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US$10 million.

1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a pro-rata basis.

1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:

a. the contractor and the DTI will determine the NIP obligation;
b. the contractor and the DTI will sign the NIP obligation agreement;
c. the contractor will submit a performance guarantee to the DTI;
d. the contractor will submit a business concept for consideration and approval by the DTI;
e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
f. the contractor will implement the business plans; and
g. the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids' invited.

2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

1. Includes price quotations, advertised competitive bids, limited bids and proposals.

2. Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

________________________________________________________

(Bid Number and Description)

in response to the invitation for the bid made by:

________________________________________________________

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium\(^3\) will not be construed as collusive bidding.

   (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. TERMS OF REFERENCE FOR OUTSOURCING OF THE DEVELOPMENT AND IMPLEMENTATION OF TRAINING PROGRAMMES ON THE PRINCIPLES AND PRACTICES OF INTEGRATED COASTAL MANAGEMENT FOR MAINLY GOVERNMENT OFFICIALS OVER A PERIOD OF SIX MONTHS

PART ONE

1. REQUEST FOR PROPOSAL (RFP)

1.1. The objective of this RFP is to appoint a suitable independent Service provider/s that can support DEA with the development and implementation of training courses with predominantly national, provincial and local government officials on the ICM Act as well as the principles and practices of Integrated Coastal Management.

1.2. The potential service providers must ensure that they are fully briefed on all aspects of the project by the Directorate: Coastal Conservation Strategies of DEA. This will entail the service providers familiarizing themselves with the provisions of the ICM Act, White Paper for Sustainable Coastal Development in South Africa, The User-friendly Guide to the ICM Act, The ICM Act Enforcement Manual and international documentation relating to ICM (such as Integrated Coastal and Ocean Management – Concepts and Practices by Cicin-Sain and Knecht).

1.3. All potential Service providers will be required to make presentations (inclusive of time-frames, reporting deadlines and a budget breakdown) to the Department in addition to the formal submissions. A date for this will be announced to potential service providers after the closing date for applications has passed.
1.4. Preference may be given to a Service Provider/s that is not already performing consultancy work within DEA.

2. SCOPE AND EXTENT OF WORK

2.1. The role of the Service Provider/s is to assist the Department of Environmental Affairs with the development of training materials and the implementation of a capacity-building training course for national, provincial and local government officials (working in the field of coastal management and enforcement; approximately 20% of delegates will be from outside of government.) in each of the four coastal provinces. The course will cover the ICM Act, its implementation as well as the general principles and practices of Integrated Coastal Management.

2.2. The appointed service provider/s will undertake the following:

2.2.1. Submit a comprehensive strategic plan of action, outlining time-frames of achievements of project deliverables, content of course material, format and structure of the training course, as well as the legislative and other content of each theme within the course framework.

2.2.2. Submit a preliminary budget containing the hours and amount to be spent on each deliverable, before work can commence.

2.2.3. Develop and compile training course material (inclusive of printed content, PowerPoint/multimedia presentations and electronic copies of all training media) to be presented during the capacity-building training course, as well as distributed to all attendees of the courses as information packs.

2.2.4. Host and conduct four (4) 2-day training workshops (one per coastal province, preferably 2 workshops per week over a 2 week period; approximately 50 delegates per workshop), inclusive of the booking of a minimum 3-star venue and catering costs. In addition allowance need to be made for the accommodation costs (B&B) of 10 non-government officials per course. Accommodation bookings need to be made for government officials, but they will be expected
to cover their own accommodation and meal costs. All delegates, apart from the project team, will cover their own transport costs.

2.2.5. Provide the necessary electronic equipment, such as a data projector, computer and recording equipment (or a professional scribe to record the proceedings of each workshop).

2.2.6. Appoint or source an international expert in the field of Integrated Coastal Management (preferably with working knowledge and expertise from a country with a well-established history of ICM implementation) that will provide a presentation and/or training session in each of the four workshops. Please note that video conferencing is not preferable and that the international expert must be approved by the department in advance before the commencement of the project.

2.2.7. As part of the course, a half-day field visit must be arranged. This could include an information section, followed by breaking into teams to complete team work and finally feedback. Details need to be approved by the department in advance. The project team needs to provide transport.

2.2.8. Produce a report upon the conclusion of the training courses, inclusive of workshop proceedings, outcomes and an analysis of the effectiveness of the courses and the identification of gaps and challenges. Allowance need to be made for the compilation and distribution of all course material, presentations etc on a CD.

2.3. Companies need to make allowance to give two 2-hour presentations in Cape Town to the DEA as and when required. Expenses can only be claimed if the presentations do take place.

2.4. All travelling, accommodation and venue arrangements must be made by the service provider/s during the course of the contract at the service provider/s own expense and may not be billed directly to the Department. These expenses can be included in the detailed invoices submitted during the course of the contract.
3. TIMING OF ASSIGNMENT

3.1. All work is to be carried out in accordance with the time schedule as agreed with the Programme manager.

3.2. The contract for the project is to be conducted over roughly a five (5) month period, commencing from the date of appointment of the service provider/s, but must be finalized and the final invoice submitted by the end of February 2012.

4. PERFORMANCE MEASURES

4.1. The performance measures for the delivery of the course material and hosting of the capacity-building training courses will be closely monitored by DEA.

4.2. Performance measures to be monitored include, but are not limited to:
